Eco Tips

- Don't 1) old clothes. 2) them to various charities instead.
- 3) newspapers and magazines you don't need or 4) them with your friends.
- 5) public transport instead of driving to work. It's also a good idea to 6) a bike.
- 7) showers rather than baths and 8) the dishwasher only when it is full.
- 9) the lights when you leave a room.
- 10) disposable products with reusable ones, e.g. rechargeable batteries.

10. W grupach zastanówcie się, jak możecie uczynić Waszą szkołę bardziej przyjazną dla środowiska naturalnego (*litter, waste paper, ink cartridges, food, electricity*).

install off waste also way able sure refillable should run

A good way to make the school more environmentally friendly would be to 1) recycling bins in the playground. That 2), students would be 3) to recycle the paper we use in class. Also, the school 4) recycle the paper we use in class. Another thing the school could do is buy 5) ink cartridges rather than buying new ones every time they 6) out. I think the school should 7) encourage students not to 8) food from the canteen and we should also make 9) to turn 10) the lights in classrooms when they are not in use.
