

1. It started ₀ **five days ago**. I did my homework and had a strange feeling. I thought it was a ₁ _____ so I went to mum. Mum said that everything was okay and my head wasn't hot. But it still ₂ _____. I took medicine and went to bed but it didn't help. So today I visited the doctor. He said that my ₃ _____ hurt because of stress, gave me some recommendations and promised that it would be okay in a few days.

4. I had a birthday party ₉ _____. We swam in the pool, played tennis, drank lemonade, ate sandwiches, biscuits and sweets. And there was my favourite pineapple pizza! Of course there was a big birthday cake too. It was with chocolate and fruit. So tasty! My friends and I had a great time. Before going to bed I went to brush my ₁₀ _____ and they started to hurt. I couldn't even touch them. Dad said we had to visit the ₁₁ _____. I was so scared! But nothing helped. So today I'm going to visit Dr.Jameson. I hope he can help me.

2. When did it start? Oh, I don't remember. Maybe last summer. It was a usual day. I ate a big ₄ _____ ice cream and drank an apple and banana milkshake in the park with my friends. After that I didn't feel well. I thought it was because of the cold ice cream. I started coughing, had a ₅ _____ and a ₆ _____ in a flash. My friends called 911 and the doctor arrived in 20 minutes. He gave me some medicine and said that I was the first person who had such a reaction to bananas. So I had to stop eating them.

5. It happened two days ago. I was at school and had my favourite ICT lesson. I understood that I didn't see my phone. It wasn't on the desk or in the ₁₂ _____. My classmates didn't take it. I thought that it was in my jacket. I asked to go out and ran to the other classroom. I didn't see Mrs.Brown so I bumped into her. I stood up, said "Sorry" and tried to run away. But I couldn't! My left ₁₃ _____ hurt so badly! I couldn't move. When I looked at it, there was a very big black and blue spot on it. It hurt but I didn't cry because I didn't want my friends to laugh at me.

3. Last week I ₇ _____ an awful headache. I thought it was because of the loud music I was listening to. But after two hours my head still hurt and the medicine didn't help. I called my mum and she told me to measure the temperature. Ta-dam! My temperature was really ₈ _____. I was shocked. I wanted to go for a walk with friends and had plans for the weekend. But because of that problem I had to stay in bed for some time and avoid contact with people.

6. It started today. I woke up, brushed my teeth, dressed up. My mum cooked breakfast for me. There was my favourite sandwich, a cup of tea and two biscuits. I ate the sandwich and understood that I didn't feel well. The food was fresh as usual but something went wrong and my ₁₄ _____ really hurt. I called mum and explained the problem. She told me to stay home and go to bed. Then she gave me some medicine and ₁₅ _____. Now I feel better but it still hurts sometimes.
