

Components of a Product Label

A label is a kind of short functional text that **refers to printed information** affixed on the outer package of products. The social function of a label is to give detail information about the products such as medicine, food, beverages, cosmetics, electronics, etc. The purpose of a label is to provide identification or information about an object, product, or item.

Do the exercise to get all the information of variety of products!

LEWIS BAKERIES, INC.
 GENERAL OFFICES: EVANSVILLE, IN 47710

Allergy Advisory: Produced on the same bakery equipment as baked goods containing milk, eggs, or nuts. Therefore, this product may inadvertently contain milk, eggs, or nuts to which some people may be allergic.

While we make every effort to post the most current product nutrition facts and ingredients on this web site, your best source of product information is what is printed on the package you purchase.

- What is the purpose of the text?
 - To show the ingredients of a product.
 - To explain the superiority of a product.
 - To describe the nutrition fact of product.
 - To give detailed information about a product.
- From the text, we can conclude that the product....
 - is safe for all people
 - is good for our health
 - contains saturated fats
 - is made from wheat only

The following picture is for questions 3 and 4.

Drug Facts (continued)

Directions:
FOR USE IN THE EAR ONLY.
For adults and children, including toddlers and infants:

- remove tamper-evident seal from neck of bottle.
- twist cap off bottle.
- tilt head sideways.
- squeeze plastic applicator to release 2-3 drops into ear. (Applicator should not enter ear canal).
- keep drops in ear by keeping head tilted or placing cotton in ear.
- repeat as needed. Use when pain recurs.

Other information:
Active ingredients are manufactured according to homeopathic principles and are therefore non-toxic and have no known side effects.

Inactive ingredient:
Vegetable glycerin

Relieves pain
Safe for use
with antibiotics

Ear Drops

Safe For All Ages

Compare to SIMILASAN® Earache Relief™ ear drops active ingredients

10ml / 0.33 fl oz

ITEM 507683

Drug Facts

Active Ingredients:
Chamomilla 10Xcalmative, pain reliever
Mercurius solubilis 15X pain reliever
Sulphur 12X pain reliever, anti-itch

Purpose:
According to homeopathic principles, the active ingredients in this medication provide temporary relief from earache (ear pain) in children and adults due to:

- drafts
- colds
- flu
- swimmer's ear

Warnings:

- For external use only.
- A physician should be consulted about earache in children.
- Initial exacerbation of symptoms may occur.
- Keep this and all medicines out of the reach of children.
- If swallowed, get medical help or contact a Poison Control Center right away.

Do not use:

- If you have ear drainage, discharge, irritation, a rash in the ear, or are dizzy; consult a doctor.
- with ear tubes, after ear surgery or with damaged ear drums.

Stop use and ask a doctor if:

- symptoms persist for more than 48 hours.
- there is discharge from the ear.
- there is a fever of 102°F or greater.

3. Why does the writer write the label?
 - A. To tell us how to use the ear drops.
 - B. To show the content of the ear drops.
 - C. To inform about the use of the ear drops.
 - D. To give detailed information about the ear drops.
4. What should people do before using the product?
 - A. Read the label carefully
 - B. See a doctor to consult
 - C. Check the use of the product
 - D. Use antibiotics for all ear pains
