Autumn comes, autumn leaves

Reminiscing you and..... being thick as thieves

Autumn comes for a time, but autumn sways

So I ..... this devoutness will guide me through the haze

Autumn comes, autumn lights

All the .....where we used to spend those sleepless summer nights

Autumn comes, autumn heals

Autumn comes like it's supposed to .....

So let it rain down ..... on my shoulder

Let the rain wash the sins off my heart

Let it rain, fall ..... on my shoulder

Let the rain fill the half-empty glass

One last friendly .....seems enough goodbye to me

Autumn comes, fare thee well, I'm gonna leave

See you in a ..... while so put the blame on me
