## My favorite dish

Today I want to tell you,  
How to make my favorite dish.  
You need some rice paper,  
And some sauce made from fish.

You need chicken and some garlic,  
And you cook them in a pot.  
You add mushrooms,  
And some bean sprouts,  
And you make them nice and hot.

Put everything on the rice paper,  
And get the sauce made from fish.  
Eat them together,  
And that's my favorite dish!
