

HABITS OF EATING AND DRINKING

Listen to Katy talking about what she eats and drinks. Fill in the blank with ONE missing word.

Interviewer : Do you have (1)..... breakfast?

Katy : No, not much. I normally have a little orange juice and a little toast.

Interviewer : And for other meals, do you eat much (2).....?

Katy : I don't eat much meat - just a little chicken. But I love fish so I eat a lot of that.

Interviewer : What do you prefer: pasta, rice or potatoes?

Katy : Pasta is my (3)..... food. I eat a lot of pasta. I also eat a little rice, but I don't eat many potatoes. I'm not really keen on them.

Interviewer : Do you eat many (4)..... in between meals?

Katy : I sometimes have a few biscuits or a little fruit. I try not to eat much between meals.

Interviewer : How about drinks? Do you drink much coffee, tea, (5)..... drinks or water?

Katy : I drink a lot of water, because they say it's very good for you. I don't drink any tea or coffee, and I don't drink many fizzy drinks - only on special (6)..... when we go out.
