

## Part 2

You should spend about 15 minutes on this part.

Read the text below and correct the underlined errors. For each question, write the correct word in the space provided on your answer sheet.

### The Maldives

The Maldives (0) are an amazing country that is made up of 1192 small coral islands. The islands cover an area of over 820 kilometres and have some of the best beaches in the world. The peacefulness of the islands has made the Maldives an ideal place to escape (9) over the hustle and bustle of city life. It is also interesting to note that the Maldives is the planet's lowest lying nation. It (10) rise no more than three metres above the sea at its (11) high point. The warm water (12) have made it a suitable place for diving and other water activities. You can (13) found beautiful species of fish and corals hidden beneath the water. It's a sight that you do not want to miss! If you have had enough of the water and sea, you can (14) walking to the city or visit the fishing villages. You can also learn about the culture there. The islands are small in size, so travelling within an island and visiting other islands can be done (15) easy. The Maldives is truly a natural wonder. If you love to (16) travelled, you should definitely visit it one day. It will be a trip of a lifetime.
