The temple is divided into five court yards, each with its own significance and history. The first courtyard stretches from the main gate to Dai Trung gate. The second stands out with Khue Van Cac pavilion. The third courtyard is where doctors' names were engraved on stelae above tortoise backs. There are a total of 82 stelae, with names and origins of 1307 doctors, corresponding to 82 examination courses from 1442 to 1779. The fourth courtyard is dedicated for Confucius and his 72 honored students, as well as Chu Van An - a famous teacher known for his devotion to teaching.
