

Take me out tonight

Where there's and there's people

And they'reand alive

Driving in your car

I never, never want to go

Because I haven't got one anymore

Because I want to see

And I want to see life

Oh please, don't me home

Because it's not my home, it's their home

And I'm no more

And if a double-decker bus

..... *into us*

To die by your side

Is such a heavenly way to die

And if a ten ton truck

Kills the of us

To die by your side

Well, the pleasure, the privilege is mine

Take me

I don't care, I don't care, I don't care

And in the darkened underpass

I thought, 'Oh God, my has come at last!'

But then afear gripped me

And I just couldn't ask

There is a light and it never goes out
