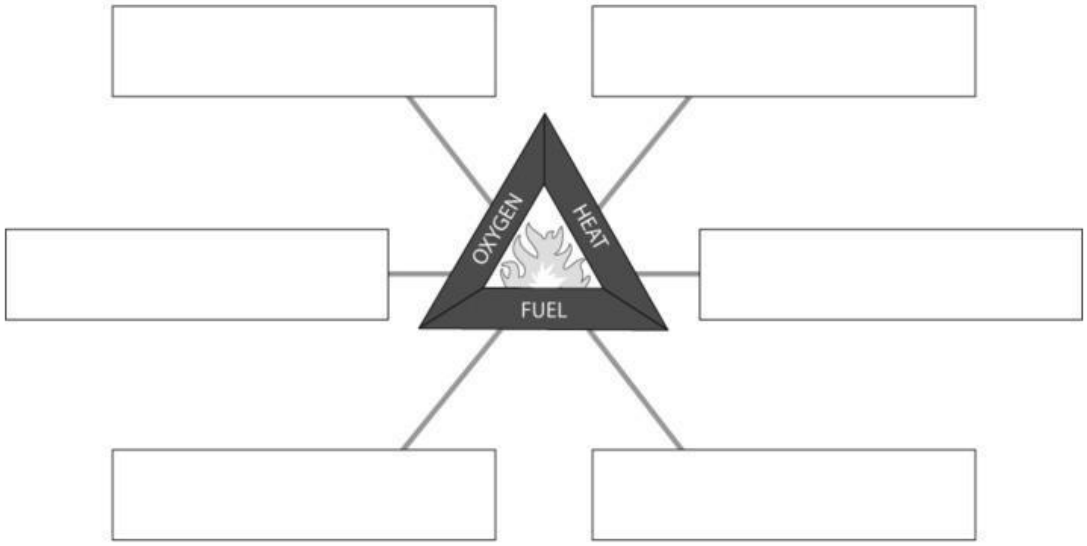
Name _____ **Class** _____ **Date** _____

Number the boxes and add them to the correct place on the fire triangle.



I can…

- use the fire triangle to explain how to control a fire.

the gas in the air that is needed for things to burn	a substance that contains a store of energy	energy needed to start a fire
a water extinguisher cools the fire and takes this away	taken away if you smother a fire with a fire blanket	cutting down trees in a forest fire takes this away
