UNIT 1: WHOLE NUMBERS

Lesson 2: Multiplication and division within 100 000

1. Match.

654	Twenty-three thousand and four.
15 275	Fifty thousand, three hundred and eight.
91 011	Six hundred and fifty-four.
50 308	Fifteen thousand, two hundred and seventy-five.
23 004	Ninety-one thousand and eleven.

2. Calculate and write.

Example: *2000 x 4 = 8000*

2000 multiplied by 4 equals 8000.

a) 12 100 x 2 = ...

.....

b) 1204 x 3 = ...

.....

c) 5045 : 5 = ...

.....

d) 24058 : 2 = ...

.....

3. Mrs. Sam has 4 boxes of strawberries. There are 120 strawberries in each box. How many strawberries does he have?

Solution:

The number of bananas is:

.....

Answer:

.....
