

UNIT 1: WHOLE NUMBERS

Lesson 2: Multiplication and division within 100 000

1. Match.

654

Twenty-three thousand and four.

15 275

Fifty thousand, three hundred and eight.

91 011

Six hundred and fifty-four.

50 308

Fifteen thousand, two hundred and seventy-five.

23 004

Ninety-one thousand and eleven.

2. Calculate and write.

Example: $2000 \times 4 = 8000$

2000 multiplied by 4 equals 8000.

a) $12\ 100 \times 2 = \dots$

c) $5045 : 5 = \dots$

b) $1204 \times 3 = \dots$

d) $24058 : 2 = \dots$

3. Mrs. Sam has 4 boxes of strawberries. There are 120 strawberries in each box. How many strawberries does he have?

Solution:

The number of bananas is:

Answer:
