.....
They've got long legs and a short tail.

6
.....
They've got a big mouth and a short tail.

7
.....
They've got two arms and a small nose.

The image shows a winding path through a park. At the top, a box lists animals: snakes, tigers, crocodiles, giraffes, monkeys, hippos, and elephants. Along the path, there are seven numbered boxes, each with a description of an animal's features. Box 4 already contains the word 'snakes'. The path starts at a bench where a person is sitting. It then goes to a pond where a crocodile is visible. Next, it goes to a lake where a hippo is visible. Finally, it ends near a group of people walking. The path is marked with numbers 1 through 7, corresponding to the boxes.
