

1 Read the texts quickly and answer the questions.

1 Who likes writing quizzes?

2 Who is looking for a team mate?

Text 1

Win a place at Coding Camp!

Do you love Science and Technology? I need you!

Every year there
is a technology
competition for young
people aged 11–16.

Teams have to design
an original quiz app.
There can be 2 to 4
people on each team.

The prize is always excellent, for example,
smart speakers. This year, the prize is a place
at a coding summer camp. It lasts one week.
You learn about coding and make a robot.
Message me and we can chat.

Jemima

Text 2

Hi Jemima,

My name's Yuan. The coding competition looks
really fun. I want to enter. I have some clever
ideas for the quiz. In my free time, I often make
up quizzes to post on social media. I don't know
very much about designing apps and it doesn't
look easy. However, I'm searching for information
online right now. There are some cool websites
about it. By the way, I'm in the same Maths class
as you. I sit next to the boy with red hair!
Let's talk after the next lesson.

Yuan

Text 3

Hi Yuan,

That sounds great! I'm learning about
apps in computer class and it isn't very
complicated. I'm working on a password
app now. I'm in a group about coding and
I'm adding you right now. I'm not very good
at quizzes. What topics do you think are
best? Do you have any favourite quiz apps I
can download on my new smartphone?

See you,
Jemima

2 Read the texts again and answer the questions.

Text 1

1 Who can enter the competition?

Young people aged 11–16 can enter.

2 What do the teams have to do?

3 How many people can be on each team?

4 How long is the coding camp?

Texts 2 and 3

1 Who likes writing quiz questions?

2 What lesson do Jemima and Yuan have together?

3 What is Jemima studying in computer class?

4 Who has got a new smartphone?

3 Order the letters to complete the sentences.

- We need new ideas: we need something fresh and *original* (alognir).
- My brother is so _____ (vecler). He can learn anything.
- I like being special. I sometimes wear _____ (granest) clothes.
- I heard that this film is _____ (lexencelt). Let's watch it tomorrow.
- Maths is a _____ (paoetlccmid) subject, but I'm quite good at it.
- Gina builds _____ (asef) homes for bats.
- I don't like this book. It's _____ (obnigr).
- Let's not go out! The weather is _____ (lebertri) today. It's too windy.
- Our Chemistry teacher always tells us to be careful during experiments. Sometimes they may be _____ (agsdueonr).
- I found some really _____ (oclo) apps that can help us with our project!
- I think it's _____ (roanlm) to be tired after such a long exam.
- It wasn't clever at all! It was rather _____ (utdips).
