LIVEWORKSHEETS

Hands On

Work in pairs.
Take square centimeter tiles and build squares.
Start with a square of side length 1 cm.
Add tiles to make a new square of side length 2 cm.
Find the area of each square you make and fill in the table.

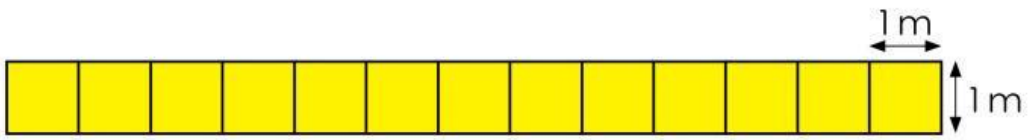

Square Side Length	Number of 1 cm squares	Area in cm^2
1 cm	1	1
2 cm		
3 cm		
4 cm		
5 cm
