READING COMPREHENSION ACTIVITY

Song: 'What Now, What Next, Where To' By Elvis Presley

- 1) Listen, read and understand the song. Then complete the reading comprehension activity

What Now, What Next, Where to

Like a ship without a *compass* on a cold lonely sea

No *beacon light* of love to guide me through

I lost the only treasure that means anything to me

What now, what next, where to?

I thought I had a love that would be mine eternally

I felt so sure you'd be forever true

Now everything I counted on has crumbled under you

What now, what next, where to?

I thought I had a love that would be mine eternally

I felt so sure you'd be forever true

Now everything I counted on has crumbled under you

What now, what next, where to?

You were part of every dream I dreamed, of everything I planned

How could I know our *castles* were built upon the *sand*

Won't *heaven* send an angel please, to tell me what to do

What now, what next, where to?

What now, what next, where to?

READING COMPREHENSION ACTIVITY
