- f. start the day / rise from bed
- g. obtain work
- h. become ill
- i. tie the knot
- j. not find the way

## Step 2: Reading Activity – A Busy Flight to Madrid

### Instructions for Students:

Read the story. The words in **bold and underlined** are synonyms. Replace them with the correct expression with **get** from the list you studied.

Last Saturday, Laura, a new cabin crew member, had a very busy day. She had to

**rise from bed** at 4:00 a.m. because her flight to Madrid was at 7:00. She quickly got

dressed and took a taxi to **arrive at the airport**.

When she reached the gate, she saw the passengers ready to **board** the plane. During the

flight, she helped an elderly passenger **leave (the plane)** safely after landing.

After work, Laura was very tired, so she was happy to finally **return home**.

Unfortunately,

she started to **become ill** with a cold that evening. She rested for two days, and by

Monday, she began to **recover**.

Laura is excited because she hopes to **obtain work** on long-haul flights soon. She also

told her colleagues that her brother will **tie the knot** next month in Italy. She wants to fly

there, but she worries she may **not find the way** around the small town where the wedding

will take place.
