

Transport through time

Drag the icons of transport into the correct box to show the representation of transport through time

A horizontal timeline with five circular markers. Below each marker is a square box for placing an icon. The boxes have different border styles: the first three have a blue border, the fourth has a dark blue border, and the fifth has a black border. Below the timeline are five transport icons, each in a square box with a different border style: a wooden cart (blue border), a bicycle (blue border), a steam train (blue border), a camel and horse (dark blue border), and a red car (black border).
