Exams can be stressful and some students worry about how well they will do. Making the badly judged decision to cheat the system, a mother in France who was good at English went to an English exam instead of her daughter. She wore skinny jeans to look more like a teenager and put on lots of make-up to disguise her face. The person supervising the exam saw through her disguise immediately. The school called the police, who then asked the mother to leave. The mother was charged with fraud.
