Listening Strategy (Chiến lược Nghe):

Sometimes it isn't necessary to understand all of the details when you listen, as long as you understand the main ideas. In these cases, focus on what you need to know and do not worry if you do not understand every word.

(Đôi khi bạn không cần thiết phải hiểu tất cả các từ trong bài nghe, miễn là bạn bắt được những ý chính. Trong những trường hợp nghe gặp từ mới, hãy cố gắng tập trung vào những từ mình nghe được và biết, không cần lo lắng nếu bạn không hiểu tất cả các từ.)

2. Read the Listening Strategy. Then listen to three people. What are they talking about? Match them with the correct topic (a-c).

1 Jonnie

- a** buses
- b** traffic
- c** shops

2 Ian

- a** a town
- b** a library
- c** a cinema

3 Milla

- a** a hotel
- b** an office block
- c** a shopping centre

3. Listen again. Fill in the gaps.

1 Jonnie The noise starts at 7.30 outside my window. I can see everyone going to (1)_____ in the centre of town. It's very (2)_____ for two hours, then it gets quieter. At (3)_____ o'clock the noise gets louder again with all the (4)_____ and (5)_____ with people going home.

2 Ian We go there every weekend, and we usually go in a big group. We like to watch action (6)_____ or comedies. We sometimes buy (7)_____ and fizzy (8)_____ to eat and drink during the film.

3 Milla It's always busy, especially at the weekends. I like it like that. There's always something to (9)_____ or (10)_____. My friends and I go there by bus as often as possible in our free time. But it's easy to spend too much money on (11)_____ and (12)_____!
