NO SE VA

IT DOESN'T GO AWAY

Tan fácil que es enamorarme
Y tan difícil olvidarte
Porque la vida me juraste
Y hoy te busco y tú no estás

It's so easy to fall in love
And so difficult to forget you
Because you swore life to me
And today I look for you and you are not there

Y aunque me duela ver tu foto

And even though it hurts me to see your photo

Entreno a mi corazón roto

I train my broken heart

Por si mañana te vuelva a encontrar

In case I find you again tomorrow

Ya no sé disimular

I don't know how to dissimulate anymore

Llamo y no te puedo hablar

I call and I can't talk to you

Tu recuerdo no se va

Your memory does not go away

No se va, no se va

It's not going away, it's not going away

Algo en ti quiere volver

Something in you wants to come back

Y algo en mí te va a encontrar

And something in me will find you

Tu recuerdo no se va

Your memory does not go away

No se va, no se va

It's not going away, it's not going away

Quédate otra vez

Stay again

Quédate toda la noche

Stay all night

Quédate otra vez

Stay again

Quédate más de las doce

Stay past twelve

Quédate otra vez

Stay again

Que mi corazón no olvida

That my heart does not forget

Un amor así, no se olvida

A love like that is not forgotten

Y no se va, no se va, no se va

And it doesn't go away, it doesn't go away, it doesn't go away

Quédate otra vez

Stay again

Quédate toda la vida

Stay all your life

Quédate otra vez

Stay again

Tú eres mi bala perdida

You are my loose cannon

Quédate otra vez

Stay again

Que mi corazón no olvida

That my heart does not forget

Un amor así, no se olvida	A love like that is not forgotten
Y no se va, no se va, no se va	And it doesn't go away, it doesn't go away, it doesn't go away
