- 9. Water is the ______ in coca cola.

solution	solute	solvent

Homework Semester 1 Academic Year 2025 Grade 8
Subject: Social Studies

Name:	No:	Class:

Direction: Read the text "What is map?" and answer the questions.

Maps are flat drawings that show us where to find places. A map always gives us a bird's eye view. That means that map is a drawing of a place from above. Long ago, the first maps were made in the dirt. Now maps are on paper or on computers. There are many different kinds of maps. A world map shows the whole Earth. Some maps can show us small areas like your neighborhood. We use directions on a map. The top of a map is north. The bottom is south. East is to the right. West is to the left.

This map shows a large area of land called a continent. The continent shown is North America. This map also shows large areas of water.

They are called oceans.

- 1. Is a map flat or round?
- 2. What does it mean to have a bird's eye view?
- 3. The map on this page shows a large area of land called a continent. What is the name of the continent shown?
- 4. What are the four directions on a map called?
