Minh and His Farm Visit

My name is Minh, and last weekend I visited my uncle's farm in the countryside. My uncle grows many kinds of vegetables and fruits. He has long black hair and wears a brown hat every day to protect himself from the sun. My aunt is shorter than my uncle, but she is stronger because she works in the garden all day. She has curly hair and wears glasses when she reads.

At the farm, I helped my uncle plant some cucumbers and pumpkins. He showed me how to dig the soil and water the plants. My aunt picked ripe tomatoes and green beans for lunch. We also fed the chickens and collected their eggs. I learned that farming is hard work, but it makes people happy because they grow their own food.

In the afternoon, my uncle told me that fresh vegetables from the farm are healthier than the ones from the market. I agree with him! The food tasted delicious, and I would like to visit the farm again soon.
