**Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions from 34 to 38**

Having a best friend to confide in can bring a positive effect on our emotional health. An evening out with the closest friend may be the best guarantee of a good time. In fact, our best friend can prevent us from developing serious psychological problems such as depression and anxiety.

Best friendship evolves with time – we cannot go out and pick our best friend. We become friends with people who share common interests – at school or through hobbies, for example.

Best friends have usually known each other for years and stuck together through good and bad times. If you haven't got **one**, perhaps you are being too distant from people, or focusing too much on your work.

**Question 34:** A best friend can \_\_\_\_\_.

- |                                  |                                  |
|----------------------------------|----------------------------------|
| A. give us a healthy life        | B. go out with us in the evening |
| C. share joy and sadness with us | D. spend much time finding       |

**Question 35:** Close friends need to \_\_\_\_\_.

- |                             |                            |
|-----------------------------|----------------------------|
| A. pursue the same hobbies  | B. have the same interests |
| C. study at the same school | D. spend time together     |

**Question 36:** According to the passage, \_\_\_\_\_.
