Interesting Insects

Let's go and visit the rainforest in South America. Here you can find an interesting insect. Look at the photo. That's a beetle. It's called a rhino beetle. Those are its wings. It can fly, but it can't jump. You can find it in, on, and under plants. It builds a home in the trees. Its body is black, brown, green, and yellow. It has six legs and a long, black head! It's very big!

1. The insect in the photo is a **spider** / **beetle**.
2. This insect can **jump** / **fly**.
3. It builds a home **on the floor** / **in the trees**.
4. The beetle has many colors on its **body** / **head**.
5. These beetles are **small** / **big**.
