### An Amazing Adventure

Read the text and complete it using words from the list. Words cannot be repeated.

Last April, I had an amazing adventure. A few of my friends and I travelled by (1) \_\_\_\_\_ to a small town near the mountains. We were all excited because we were finally (2) \_\_\_\_\_ to travel again after a long time.

Our (3) \_\_\_\_\_ was a small flat in an apartment building (4) \_\_\_\_\_ the street from a park. The place was small but very clean and attractive. There was an (5) \_\_\_\_\_ in the living room and a big clock on the wall—luckily not an (6) \_\_\_\_\_ clock, so we could sleep well!

On the first afternoon, we walked (7) \_\_\_\_\_ the river and took amazing photos of the animals we encountered. (8) \_\_\_\_\_, we had lunch in a café and read an article in a travel magazine (9) \_\_\_\_\_ adventure holidays. It gave us useful information about local activities.

That evening, we watched a film about an actor who had an “accident” during an action movie. It was (10) \_\_\_\_\_, but also deliberately planned, according to the rumors. Actually, one of my friends wants to be an (11) \_\_\_\_\_, so she drew a picture of the scene—she’s really talented!

The next day, we used an (12) \_\_\_\_\_ on our phones to find activities around the town. There were (13) \_\_\_\_\_ kinds of things to do: hiking, cycling, visiting art galleries, (14) \_\_\_\_\_ more. We agreed to try an art activity first, then go hiking. We walked across the bridge and saw an (15) \_\_\_\_\_ for a free museum. We all said, “All right, let’s go!”

When we arrived, an assistant gave us an (16) \_\_\_\_\_ full of photos of the town from many years ago. It was really interesting to see how people lived when they were 10 or 16, just like us now.

On our last day, we woke up early to catch our flight. The airport was about ten kilometres (17) \_\_\_\_\_, so we called a removal company by mistake instead of a taxi! The driver was (18) \_\_\_\_\_ bit angry, but he laughed when we said sorry. Luckily, we got there on time, and the temperature was fresh and cool when the plane took off.

We were tired but happy. I’ll always remember that trip —it was awesome, and I can’t wait to have another adventure (19) \_\_\_\_\_ (20) \_\_\_\_\_ as possible.
