

PART 7: GRAMMAR AND VOCABULARY

Instructions: Read the text below and select the correct word (A, B, C, or D) for each numbered space (38-45).

URBAN DEVELOPMENT AND CULTURAL SPACES

The recent acceleration of urban development has created complex challenges (38) major cities. Rapid growth, (39) it brings economic opportunities, also strains public infrastructure and diminishes communal spaces. A primary concern (40) city planners is preserving the cultural identity of neighborhoods.

Many historic areas are now (41) threat of being replaced (42) modern high-rise buildings. Residents often protest these changes, arguing that the true soul of a city lies (43) its unique, historical architecture, and not just (44) its newest skyscrapers. (45), balancing the need for modernization with the value of heritage remains a central task for every municipality.
