Reading:

A Park in My Town

There is a big park near my house. It is very beautiful. There are many trees, flowers, and benches. People go to the park to relax, walk, and play with their friends.

There is a small lake in the park. You can see ducks and fish in the water. Near the lake, there is a playground with swings and slides. Children like to play there every day.

In the park, there are also paths for running and riding bicycles. People can have picnics on the grass and enjoy the fresh air. Sometimes, families bring their dogs to play.

I like my park because it is peaceful and fun. I can read a book, draw, or take photos of the flowers and trees. There are many things to do, and I always feel happy when I visit it.
