

Geometría plana: área

Área de algunas figuras planas	
*Cuadrado $A = L \cdot L$ 	*Rectángulo $A = b \cdot h$ 
*Triángulo $A = \frac{b \cdot h}{2}$ 	*Rombo $A = \frac{d \cdot D}{2}$ 
*Trapecio $A = b \cdot h$ 	*Paralelogramo $A = \frac{(B + b) \cdot h}{2}$
