

UNIT 1 PRACTICE

READ THE FOLLOWING TEXT ABOUT 5 FRIENDS AND THEIR LIVES

Emma: I usually get up early because I love doing exercise before school. I go swimming twice a week, and I always eat healthy food. Today I'm not swimming — I'm playing basketball with my friends at the park.

Jack: I always play video games after school, but this week I'm not playing because I'm studying for a big test. I like reading comics, too. Right now, I'm reading one about superheroes!

Lucy: I love music! I play the guitar every afternoon. At the weekend, I sometimes go to the cinema with my family. Today I'm not playing the guitar — I'm learning a new song on the piano!

Ben: I always ride my bike to school, and I sometimes go climbing or hiking on weekends. I don't like staying at home, I prefer being outdoors. Today it's raining, so I'm watching TV and relaxing.

Sara: I sometimes draw and paint after homework. I also like taking photos with my phone. Right now, I'm making a Halloween decoration for my room — it looks scary but fun!
