It is wonderful to visit gardens, forts, zoos and so on. But if you visit some unusual places that have some uniqueness, it becomes a great experience.

Unusual Places in India

34

Recognise some of the unusual places from their brief descriptions. Write their names in the given blanks. You may use the Help Line.

1.

A tribe in Meghalaya builds living tree root bridges here.

This is a village in Ahmednagar district, Maharashtra. It is famous for the fact the no house in the village has doors. Despite this, no theft was reported in this village until 2010.

2.

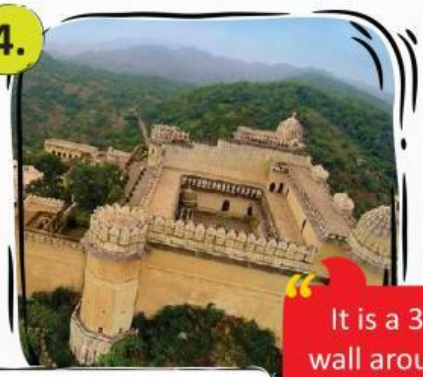

3.

It is an approximately 1600 years old and 7.2 m long iron column in Qutb Minar complex which does not rust. This shows the high level of skill achieved by ancient Indian ironsmiths in the extraction and processing of iron.

4.

It is a 36 km long wall around a fort in Rajasthan, also called the Great Wall of India.
