

Saving the Environment

The environment is the surroundings or the place where we live. Human desires and activities are destroying the environment. It is very important to save the environment by keeping it clean and healthy.

Write 'Good' or 'Bad' for the following activities :

1

Anant always switches off the light when not in use.

2

Tanya plays video games at a high volume.

3

Abhinav runs over the tender plants in the park and destroys them.

4

Manya uses paper bags while shopping.

5

Shivi and Pulkit plant at least one tree every month.

6

Ajay throws the toffee wrapper on the road.
