This is my friend's room. There's (0) **something / anything** special about it. It's modern, bright and it has lots of space.

My friend doesn't put (1) **anything / nothing** on her bed except for some cushions. There are drawers where she keeps (2) **everywhere / everything** she needs. There is (3) **everything / nothing** under her table because she's a very tidy person. There are textbooks and books (4) **everywhere / nowhere** in her room because she likes reading. She sometimes removes (5) **everything / anything** from the bookshelves to clean them. She doesn't ask (6) **no one / anyone** to help her. There's (7) **everyone / no one** in her room right now. (8) **Everyone / anyone** is in the living room. They're watching TV.
