

Exercise 3: Điền một trạng từ thích hợp vào chỗ trống để tạo thành một bài IELTS Writing Task 1 hoàn chỉnh.

The two pie charts below show the online shopping sales for retail sectors in Canada in 2005 and 2010.

Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

The two pie charts compare the percentages (1)_____ online sales across different retail sectors (2)_____ Canada in the years 2005 and 2010. For three of the sectors, it is evident that over this time frame there was significant change in their proportion of online transactions. At 35% we can see that electronics and appliance sector accounted (3)_____ the majority of online sales in 2005, but this percentage had dropped to 30% by 2010. (4)_____ the same five-year period, as an increasing number of people chose to purchase food and beverage online, we can see that transactions went (5)_____ just 22% (6)_____ 32%, making it the retail sector (7)_____ the largest overall proportion of the online market.

In 2005, the home furnishing industry boasted an impressive 25% of the total online sales in

Canada. However, by 2010, the figure had fallen considerably (8)_____ to 15%. Interestingly, online sales of video games eventually overtook sales of home furnishings, although video games still represented only 23% of the market.
