This morning I woke up **at** 7:30 a.m. I got **(1)** of bed and put on my clothes. I felt hungry so I went to the kitchen to see if my mum had prepared any breakfast. She often prepares a sandwich for me before she goes to work. But today, there were only some cornflakes on the kitchen table, so I ate them. Then I put on **(2)** school uniform and went to school **(3)** bus. On the bus **(4)** are always lots of students but my favourite person is the driver. He always smiles when he sees me. He is also very funny. He often tells jokes which **(5)** people laugh. I really enjoy going to school.
