* Read carefully the following email about free time activities in Present Continuous.

Subject: Free time activities!

Hi friends,

This weekend, I am reading a new book. Also, I am learning to cook a delicious recipe. My sister is painting a picture right now while my friends and me are dancing to our favorite song and I am practicing my guitar skills every day!

It's so fun!

And what are you doing in your free time? I hope you're having a good time, see you soon.

With love,

Lucas.
