Unit 2 Test | Essential

Reading

3 Read and tick the correct landscape. **Score: ___ /5**

1 It's usually quite wet but not because it rains! The noise is very loud and there's often a lake at the bottom of it.

a 

b 

2 This landscape is very dry and can be very hot during the day and very cold during the night. It's very deep and can be very rocky, too!

a 

b 

3 This is the landscape that makes our planet clean and healthy. Thousands of wild animals live there, especially birds.

a 

b 

4 There are many of them all over the world. Lots of people go hiking there in groups, and the bravest even try to reach the top!

a 

b 

5 These are the iciest and coldest areas on our planet. Some animals live there, mainly penguins and polar bears.

a 

b 

6 Some of them are not active, but when they erupt and lava starts coming out, it can get dangerous.

a 

b 

4 Read and circle. **Score: ___ /5**

Glaciers are [1] **the** / **a** coldest places on Earth. Did you know that they're also the [2] **most dry** / **driest** ones, too? That's because it almost never rains! The [3] **more** / **most** amazing thing about glaciers is that animals manage to survive there. Like the Emperor penguin, for example, that lives in Antarctica. It's the heaviest penguin [4] **in** / **at** the world and it can live in [5] **glacial** / **snowstorm** temperatures, as low as -40°C! It also swims in the [6] **coldest** / **arid** water … -1.8°C. That's cold!
