

Reading - Vacation

Every summer Ed and Nancy Reed take a car trip. This year they are going to Texas. They always have to leave early in the morning. The night before they go, Ed Reed always washes the car windshield. He checks the battery under the hood. He also checks the headlights. Usually he fills the gas tank. Nancy Reed packs the suitcases. Their children; Emily, Sophie and Ted pack their toys. Then Ed packs everything in the trunk of the car.

The day of the trip everyone is always very excited. Emily and Sophie sit in the back of the car. Ted sits in the car seat between the two girls. Everyone wears a seat belt. Nancy always drives first.

Everyone is ready. Why aren't they going? Yesterday Ed forgot to get gas.
