A new job

In June, I started working at a local television company. I'm learning a lot, but I realised that I need to work on my habits. I'm **1** to going to the office every morning. The biggest problem for me is waking up at 6 o'clock. I **2** used to getting up so early. I'm also working on planning my day. Last week I started using an app on my phone, but I still can't get used **3** down all the tasks I have to do every day. So I forget about lots of things. At work, we have an open-plan office; it's a big office with fifteen people working in the same room. It's my first time working in an office like this and I'm not **4** to focusing in a noisy room. At first, I thought I could never **5** used to working in an office like this, but after a few days, I bought some really good headphones. Now I put them on and I don't hear other people chatting. I also had to turn off all the sounds on my phone. I'm used to **6** at my phone every 20 minutes. I know I shouldn't do it at work, but it's hard. Have you got any similar experiences?

- | | | |
|-------------|--------------|----------------|
