My name is Emma. I enjoy going to school, but my favourite part of the day is definitely lunchtime! The food at my school is really tasty. There are many different dishes to choose from, and everything is healthy. You can try something new every day. Some of my classmates bring their own lunch from home, but I always eat in the school canteen. My friends and I sit together, so it's always fun.

My favourite dish is chicken curry. I know it's not hard to cook – I sometimes make it with my mum at home – but the curry they prepare at school tastes amazing. I usually drink water or grape juice with my lunch.
