Travel as an Educational Tool

Travel helps children observe, analyze, broaden their horizons, and understand culture and history better. It can be part of a lesson or project: excursions, trips, virtual tours, quests, route maps.

Task 7 – Short answer:

1. How can travel help students in learning?

2. What type of educational trip would you like to do at school?

3. What new things can you learn during a trip?

LIVEWORKSHEETS

Create Your Own Travel Route

Instructions:

1. Choose three places in Ukraine you want to visit.

2. Write why you want to visit each place.

3. Optionally, draw or insert a photo of one of the places.

Task 1 – Fill in the blanks:

Place #1: _____

Reason to visit: _____

Place #2: _____

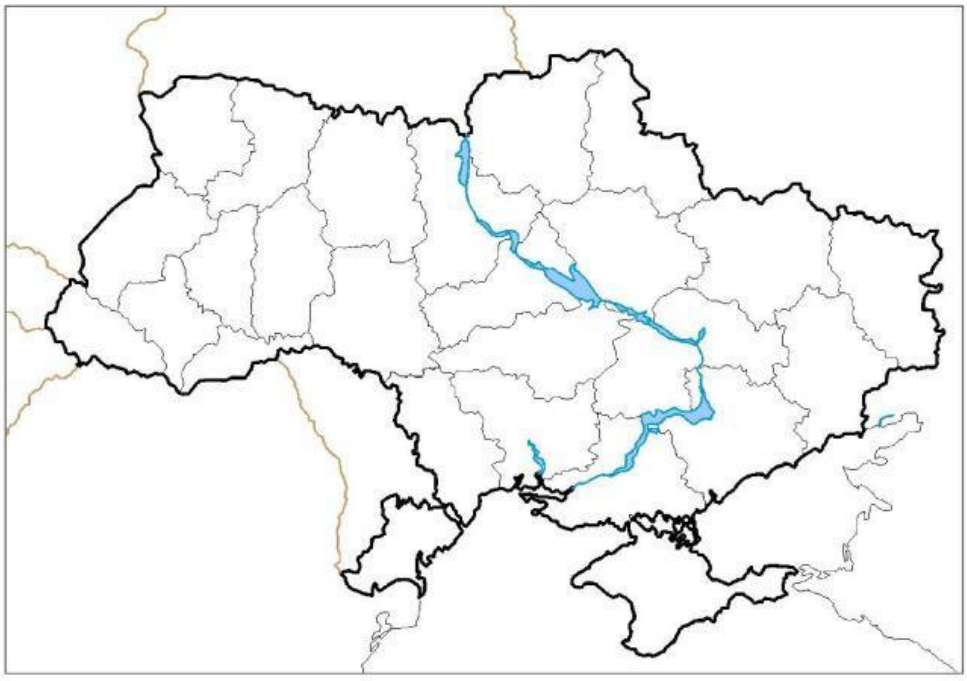

Reason to visit: _____

Place #3: _____

Reason to visit: _____

Task 2 – Map activity / Drag & Drop:

Look at the map of Ukraine. Drag and drop the names of your 3 chosen places onto the correct locations.

Labels to drag: Kyiv, Lviv, Odessa, Carpathians, Dnipro, Kamianets-Podilskyi

Task 3 – Optional audio:

Record a short answer: “Tell me one interesting fact about one of the places you chose.”
