

RUINS

by Ashley Park

We built this _____ brick by brick

It's kind of funny, isn't it?

How we almost had it all.

We worked our fingers to the bone,

We made a _____ of our own

But then we watched this kingdom fall.

It's the crying that reminds _____ we're alive

It's the cracks that let the light in sometimes

But _____ see the diamonds in the dust

There's beauty in the ruins of us.

And darling, that's just how it goes

It's one door _____, one door _____

It's nothing tragic in the end.

So go ahead and say _____

'Cause there's an empire in my mind

And I can build it all _____
