Read the text and fill in the blanks with the correct form of the conditional.

Life at BrightTech Solutions can be exciting, but it also brings challenges. The company believes that employees will work better if they (1)_____ (feel) supported, so managers try to listen to everyone's ideas. Still, problems sometimes appear. For example, if teams (2)_____ (not communicate) clearly, tasks will often take longer than expected.

Next month, the company plans to launch a new project. Many workers are nervous because it will require long hours. However, a worker knows that if he or she (3)_____ (finish) the project on time, they will receive a bonus. Some employees wish they had more flexible schedules. One designer said she would be more creative if she (4)_____ (have) a quieter workspace.

Not everything has gone smoothly in the past. Last year, several deadlines were missed. The director admitted that if the company (5)_____ (plan) more carefully, the results would have been much better. He promised to avoid the same mistakes in future projects.

Overall, most people enjoy working there because they know that if they (6)_____ (do) their best, good opportunities are going to follow.
