My Weekend with technology

Sarah has many future plans this weekend. On Friday, she is meeting her friend Leo at the Tech Store to buy a new smartwatch. On Saturday, she is visiting her cousin, who is learning how to build a robot. Later in the afternoon, they are working on the robot together.

On Sunday, Sarah is attending an online workshop about artificial intelligence, and after that, she is having a video call with her classmates to plan a school project.

1. Where is Sarah meeting Leo?

2. What are they buying?

3. What is her cousin learning?

4. What is Sarah doing on Sunday morning?

5. Why is she having a video call after the workshop?
