### **A Journey Through Nature**

Last summer, my family and I went on a trip to one of the most beautiful national parks in the country. The first place we visited was a deep canyon with red and orange rocks. We walked along the edge and took amazing photos. Later, we drove to a huge volcano. It hasn't erupted in many years, but steam still comes out from some areas, which made the place feel mysterious.

The next day, we explored a thick forest full of tall trees and colorful birds. A narrow path led us to a bright, clear river where we stopped to rest and have lunch. Before leaving, we hiked for an hour to see a famous waterfall. The sound of the falling water was so loud, but the view was worth it. It was one of the most unforgettable trips of my life.
