

Do you think it is useful to **know / knowing**<sup>1</sup> another language?

Yes, it is, **for example / definitely**<sup>2</sup>. Speaking to someone in their own language, **even if / of course**<sup>3</sup> it is only for a short time, makes that **country / person**<sup>4</sup> feel more at ease. So when you visit another country it is **really / a little bit**<sup>5</sup> useful.

So in your opinion, knowing just **a few / small**<sup>6</sup> words makes a difference?

Yes, it makes **very different / all the difference**<sup>7</sup>. People really like it when you **try / trying**<sup>8</sup> to speak their language.

What do you think **for / that**<sup>9</sup> the advantages are of learning languages?

Learners who know **another / second**<sup>10</sup> language have better reading skills and a **wider / longer**<sup>11</sup> vocabulary. When it comes to work, you're **a little bit / more likely**<sup>12</sup> to be successful if you speak the language **of / from**<sup>13</sup> the people you do business with. **For example / It's useful**<sup>14</sup> if you work for a Japanese **series / company**<sup>15</sup> in Europe or America, you need to **speak / speaking**<sup>16</sup> some Japanese. They say that people **who / which**<sup>17</sup> use languages in their jobs earn **about / times**<sup>18</sup> 8% more than people who don't use them. Also, **studies / colleges**<sup>19</sup> show that it improves your brain power. And **now is / there is**<sup>20</sup> even some evidence that people who are bilingual live longer!

Replace the words in brackets with words from Exercise 1.
