Task 3. Read the paragraph about Sue's birthday and mark the sentences below true or false

Last year I celebrated my birthday with my friends at my favourite cafe. It was on 6th June. The day began with a lot of surprises. First, everyone acted like it was not my birthday. I was sad because I thought they forgot about it. But then, when I came back home from the gym, my parents prepared a festive meal for lunch and gave me some presents. (But I didn't open them right away.) After that, my mum told me to get ready for something special in the evening. When it was 6 pm, Mum and Dad took me to "Theo's" where all of my friends were! It was a great party! We had pizza, there were a lot of games, contests and prizes! In the end, I opened my presents and got a lot of great things. One of them was a new smartphone from my mum and dad! In general, my last birthday was one of the best times in my life!
