My favourite places

My favourite place in town is the sports shop. I always go there to look at the football shirts. I want to buy a Barça shirt from there for my next birthday. It's also a good place to buy football scarves. My red and white Liverpool scarf is from there.

My second favourite place is the pet shop. I often go there to buy cans of food for my cat. They also sell some toys for pets, and there are boxes of chocolates for cats. My cat loves them! I like looking at the fish in the shop, too, but I don't want to buy one.

My other favourite place is the museum in the centre of town. There are some big dinosaurs in one of the rooms. The dinosaurs are huge, but their heads are small! I like reading about their lives and there are some great videos. I want to know more about dinosaurs!

Example: *What does Ben look at in the sports shop?
football shirts*

- 1 What colour is Ben's football scarf?
- 2 What does Ben buy at the pet shop?
- 3 What does Ben like looking at in the pet shop?
- 4 Where is the museum?
- 5 What are small? _____
