When we want to buy something we go to a shop. The shop-assistant is ready to help us to choose the necessary goods. We pay at the cash-desk.

In my family my mother does most of shopping because she knows better what we need. My father and me usually help her to carry heavy bags from the supermarket. We usually buy fresh vegetables at our local market.

My duty is to buy bread and water. It is very convenient to do shopping at the supermarket because all sections are located in one place. And we never mind the weather if it is rainy, cold or hot.

In the dairy section my mother always buys milk, butter, cheese, cream and eggs. A confectionery store always sells sweets, chocolates and cakes.

There is a bakery near our house and we run out of bread in the evening. I go to the baker's for a loaf of white or brown bread.

My father buys nice flowers at the florist's and presents them to mother on some occasions.
