5 What's the subject? Read and answer.

1 We learn about other countries in this lesson. We learn where these countries are, how many people live there, what you can see and do there. I love

It's my favourite subject!

2 We learn to sing and play a musical instrument in this lesson. I play the guitar. We have a school band and at the end of every school year we give a concert. It's great! is definitely my favourite subject!

3 is very interesting. We learn about the past, the people, their lives, their clothes, everything. This week I've got to write about Tsar Ivan IV.

4 I like a lot. You always learn something new. We learn about plants and we also carry out some experiments. Our project for this week is to find information about malachite.
